Dear Yanshuang GUO,

On behalf of the team and Editorail board of the journal "Geodynamics and Tectonophysics" and on my own behalf, I express my deep condolences to the relatives, friends and colleagues of Academician Jin Ma about her death.

The big science has lost in her person of the large expert with a world name. Thanks to her professionalism, our cooperation has been consistently successful for many years. We grieve with you.

Respectfully,
Marina Marchuk,
